Dear Reader,

We, the editors of the 1963 Reverie, proudly present our yearbook. It is our hope that it will give you many hours of pleasure, and innumerable happy memories.

We wish to thank the following people: Mr. Max Shultz for giving us permission to use "Peanuts" as our theme; the elementary school teachers who so graciously and capably handled the circulation in their rooms; all the patrons for their kind generosity; and lastly Mrs. Mary Olsen, our advisor and friend without whose prodding, untiring effort, and encouragement this book would not have been possible.

We hope you enjoy this memory book, the 1963 Reverie.

Sincerely yours,

Susan Dole

MR. PAUL SCHUTRUM

We, the staff of the 1963 Reverie, dedicate this year's book to you, Paul Schutrum. Your interest in us, both as a teacher and friend, has always been apparent.

For many years, you have been responsible for the scenery for all senior plays and other such endeavors.

For your thoughtfulness and your heart-warming friendship we sincerely say, "Thank You."

WILFRED H. TAYLOR
1916-1962

IN MEMORIAM

Wilfred H. Taylor died suddenly on October 8, 1962. He was a senior member of the Board of Education of North Collins Central School, elected in 1950, but had steadfastly refused to accept the post of president of the board.

He was a member of the executive committee of the North Collins 4-H club, a post which he held for three years.

Mr. Taylor was a civic minded man and a member in good standing of the Lawtons Grange and of the First Congregational Church in North Collins.

His death has created a void in the community and in his family. His happy smile and sunny disposition will be missed by all of us, who had the privilege of knowing him.

MARIE MONTALDI

January 29, 1927—February 27, 1962

IN MEMORIAM

Marie Montaldi graduated from Eden Central High School in 1943. During the years from 1949 to 1952, she attended Houghton College where she received her B.S. in secretarial science. Miss Montaldi completed work for her B.S. in education at Florida Southern College in 1961.

Her first year of teaching was in Jesse P. Miller Elementary School in Mantie County, Bradenton, Florida.

Miss Montaldi joined the North Collins Central School faculty, six months prior to her death.

She had many hobbies among them photography and poetry. The picture above was taken by her and the poem at right was her favorite.

THE MIRROR OF HOPE

*Eternal mountains rise above the sea
In rugged curves that lose themselves in cloud;
Relentless winds have bowed each lonely tree
And wrapped it in the rainclouds' darksome shroud.
The plunging waves come charging toward the shore
And with each shock throw up their arms of spray;
Along the cliff is heard the muted roar
Of clashing waters racing in the bay.
Then up into that boundless well of blue
Each cloud is drawn until it disappears,
And suddenly the morning sun laughs through
And paints a rainbow in the lingering tears.
The sea grows calm, and mirrored in its face
Are seen the changeless mountains in their place.*

ESIN ENGIN

English Letter

June 1963

Dear Fellow Students:

I think you all know me now. I am your American Field Service student at North Collins Central School. My name is Esin Engin from Turkey.

In order to qualify for the above, an examination was held at my high school, Adaparan High, in February, 1962. Two of us were lucky enough to pass. The other is a girl whose name is Esin also.

After a great deal of information and preparation, we departed on June 28, 1962 by plane, first to Athena and then Amsterdam. From Amsterdam to Rotterdam, we traveled by bus. We embarked for New York and reached our destination after ten days. The officers of the A.F.S. met us and I was placed on a bus for Buffalo. Mr. and Mrs. Frank Compisi, my American parents met me in Buffalo. I arrived in North Collins on August 17, 1962.

Everybody has been kind to me and I am learning a great deal about the people of the United States. In turn I am trying to straighten the erroneous ideas people have of my country.

No, we do not travel by camel, we do not have harems, our women are not veiled and our country is a republic. We have three parties: Republican or people's party, Democratic and Liberty or Freedom party. We are ruled by a coalition of all political parties.

My religion is Mohammedan and one of my first experiences was the fact that for the first time in my life, I tasted pork. My religion forbids the use of that meat but as a visitor I am allowed to eat what my hosts do.

We do not have a yearbook in our school and I was surprised to learn about them. I am looking forward to securing one because it will be my memory book.

I find America beautiful, small towns attractive, the people friendly, my American parents wonderful, everything just about perfect but I am homesick. I miss my parents, my brother and my country. There is an old English proverb "East or West, home is best."

Turkey is a beautiful country. We have famous Roman and Grecian ruins. (in my estimation) the best city in the world, Istanbul, the world's greatest mosques and then the Bosphorus.

If you ever come to Turkey look me up, please. I live at "Altunova Sokah (street) no. 38, Mithatpasa Mahalesi, Adaparan, Turkey.

I am lucky to be here among you kind people and I know as the year wanes I shall miss you when I return to Turkey.

Thank you for your hospitality.

AMBITION: Be a Success

June 15, 1963

Dear Friends:

I want to express my gratitude to all my teachers and friends for the hospitality shown during the two years that I have attended North Collins Central School.

One big thrill I had on my arrival was that of looking out the airplane window and seeing how white and beautiful the snow was. I had never seen such snow in my life. In Colombia there is snow only on the mountains and we never touch it.

I did not know how difficult it would be to learn the English language, to speak it and spell every word. When I came here all I could do was smile.

The food and customs are different from those of Colombia and I have had to work hard in order to learn the North American way of life.

When I came to this school I felt lost because I spoke only three or four English words. The schools in my country are different. The boys and girls do not attend the same school. There are special ones for each. I enjoy this school because it is fun to study with both boys and girls.

My future plans are to go to a Business School to become a secretary. I may also wish to be a beautician and become a North American citizen after a few years.

Sincerely,
Carmen Guayasamin

Junio 15, 1963

Queridos amigos:

Deseo expresar mi gratitud a todos mis profesores y amigos por la hospitalidad que me han brindado durante los dos años que he estudiado en North Collins Central School.

Una sorpresa muy grande que tuve cuando vine aquí y mirando por una ventana del avión fue ver lo blanca y hermosa que la nieve es. Nunca vi tanta nieve en mi vida. En Colombia hay nieve en las montañas y nosotros nunca la contemplamos de cerca.

No me imaginé lo difícil que es aprender el idioma inglés, hablarlo y deletrear cada palabra. Cuando vine lo único que hice fue sonreír.

Las comidas y costumbres son diferentes que las de Colombia y tuve que trabajar mucho para enseñarme a la vida Norte Americana.

Cuando entre a esta escuela me sentí casi perdida porque sólo hablaba tres o cuatro palabras en inglés. Las escuelas de mi país son diferentes. Hombres y mujeres no van a la misma escuela. Hay escuelas para cada uno. Me gusta esta escuela porque es divertido estudiar con hombres y mujeres.

Mis planes para el futuro son ir a una escuela de comercio y ser una secretaria. También deseo ser una maquilladora y ser una ciudadana Norte Americana después de pocos años.

Sinceramente,
Carmen Guayasamin

Carmen Guayasamin

Esin Engin and Carmen Guayasamin are both from another country and continent. Esin comes to us from Turkey, Europe and Asia, and Carmen from Colombia, South America. Both have brought us something very important and we, the students and faculty, hope that in turn have given them something—our hand in friendship.

Friendship and understanding are so necessary in this chaotic world. Immanuel Kant (1724-1804) German philosopher's categorical imperative is applicable here—"Act in such a way that you treat humanity both in your own person and in the person of all others, never as a means only, but always equally as an end."

THE BOARDING HOUSE REACH

RESUMÉ

Thirteen-year-old Wilbur Maxwell has wanted a bicycle for many years, but he hasn't been able to persuade his parents to get him one.

When Pop and Mom leave town for a week-long business trip, Wilbur gets an idea. He'll earn his own money and buy his own bicycle—he'll do it by turning his home into a boarding house.

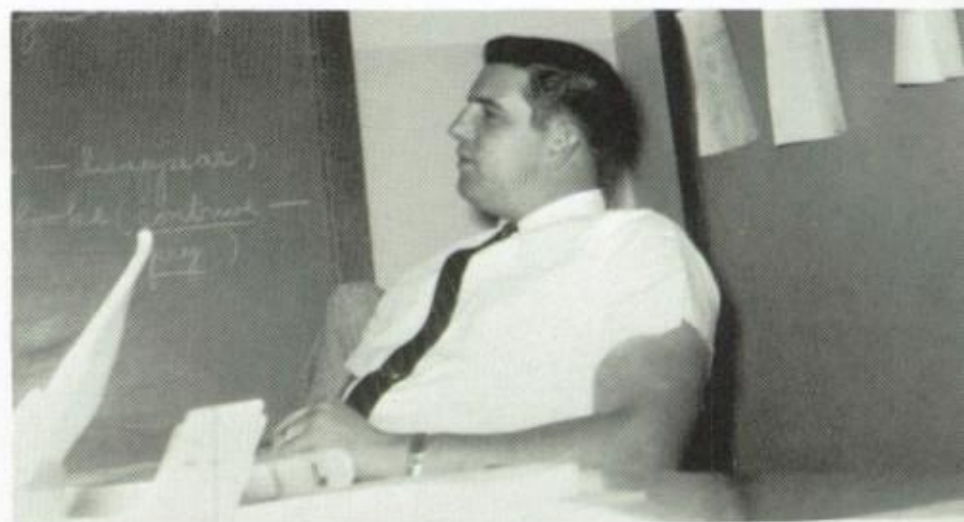

Into the paper goes the ad and by that evening the Maxwell house is crawling with people—a weird, weird assortment. Wilbur is doing a bang-up business. Then it happens! Mama and Papa Maxwell, at two o'clock in the morning come dragging home—Papa forgot his brief case.

From there on out, it's one mess after another. Papa must sleep on the floor, he can't get in the bathroom to shave, and he can't even read his own paper. In addition it's discovered that there is a bank robber in the house, and papa is carted off to jail.

How Wilbur manages to bring about a happy ending is the exciting conclusion to this hilarious comedy by Donald Payton.

SCIENCE DISPLAYS & KING & QUEEN

These are the people who make the Reverie (yearbook) possible. If it were not for their patronage, the students of the North Collins Central School, would not have a yearbook. We could not afford to print the book at the price charged. To these people, we owe our heartfelt gratitude. The best way to express this gratitude is to patronize our benefactors. All patrons are from North Collins, except where addresses show otherwise. Many patrons have requested telephone numbers be printed. We are doing so. All names are listed alphabetically under sums donated.
